U. N. CONSPIRACY TO RULE WORLD

New Treachery By Mendes-France In Indo-China Scored

SPECIAL—For sheer treachery very few individuals on the international scene can measure up to the little Jewish premier of France, Mendes-France. Earlier this year Mendes demonstrated the truth of that observation when he betrayed France and the loyal Christian natives of Indo-China to the Communists at Geneva.

The most pitiful outcome of that agreement was that some 500,000 Christian inhabitants of Vietnam were abandoned to the tender mercy of the invading Communists without an opportunity to escape. The act was all the more reprehensible for the fact that Vietnam's Christian population comprised the core of anti-Communist resistance during the Indo-China war — a fact which made them a special target for revenge once the Communists took over.

Following the sell-out at Geneva, vast numbers of Vietnam's Christian population fled from the Communists by the only avenue open to them: the sea. In one of the most heart-rending episodes in history, thousands of men, women and children took to the open sea in make-shift rafts, barges,

Jews Kick Up Furor Over Zionist Query

DENVER, COLO.—A U.S. naturalization officer who dared to ask an alien Jew if he was a Zionist has been "reprimanded" and "admonished", according to an article recently published by Milton Friedman of the Jewish Telegraph Agency. The officer, Brooks Thomas, asked the question as part of the naturalization proceedings in the case of Berel Weiss, a rabbi.

Acting on a protest by the Anti-Defamation League of B'nai B'rith, the department of Immigration and Naturalization issued a statement assuring the ADL that . . . **"the officer involved has**

PATRIOT JAILED

LONDON—Officials of the World Jewish Congress report that the Swedish patriot, Einar Aberg, has been sentenced to two months in prison by a Stockholm court for his alleged "anti-Semitic" activities. Aberg, whose literature exposing the tie-in between Communism and international Jewry has achieved world-wide distribution, was brought to trial after the World Jewish Congress lodged protests with the Swedish ambassador in Washington . . . Patriots everywhere are urged to send their letters and contributions to Einar Aberg, Norrviken, Sweden.

"Anti-Semite" Arrested

SPECIAL—The state of Connecticut, which last month elected Abe Ribicoff as its governor, has arrested John F. McCoy, a Gentile, on five counts for having written an election letter exposing Ribicoff as a Jew. According to an article in the National Jewish Post, **"the warrant for McCoy's arrest was issued after the Anti-Defamation League of B'nai B'rith office in New Haven made an investigation and reported to Abraham L. Ullman, state attorney".**

The ADL claims McCoy violated a state law against issuing "advertising" matter which "ridicules" an individual because of race or color. The ADL contends the campaign literature comes in the category of advertising . . . "because so many letters were printed and distributed".

NOTE: It is significant that the

Communist Monopoly of U.N.'s Military Department Exposed As Threat To American Sovereignty

UNITED NATIONS—An extremely dangerous proposal is being advanced by those who would like to see the United Nations take over the functions of a world government. The scheme calls for the establishment of a PERMANENT United Nations military force whose purpose it would be to enforce world peace. The plan is to build up the military strength of the U.N. while encouraging member nations to restrict their own armaments. The overall idea is to eventually give the U.N. a greater war-making potential than any individual nation or bloc of nations, thus (in theory at least) bringing peace and light to the world.

The arguments marshaled in favor of a standing United Nations army are well thought out and calculated to appeal to the widest possible audience. Using Korea as an example, proponents of the idea bolster their case by pointing out that the disproportionate burden carried by the United States in that conflict would never have been necessary if the other members in the U.N. had contributed their fair share in men and material.

But while there is a superficial appeal to this kind of an argument, it must be kept in mind that the plan is in reality a one way street from which there is no turning. Once a standing United Nations military organization has been brought into being, the path toward slavery and national destruction can be charted with almost exact precision. Because the proposal for a permanent U.N.

White Children Desert Washington Schools in Droves To Escape Negroes

WASHINGTON, D.C.—As the first major city to attempt the total "integration" of Negro and white students under the Supreme Court's infamous school de-segregation decree, Washington, D.C. is rapidly being taken over by Negroes, according to a survery carried in the Nov. 12 edition of U.S. NEWS & WORLD REPORT.

White students, says the report, are leaving Washington's schools in droves as a result of the compulsory race-mixing program of the Eisenhower administration.

Remarking upon this wholesale exodus, U.S. NEWS & WORLD REPORT estimates that . . . **"nearly 4,000 white students who normally would have been expected to enroll were unaccountably missing. This**

Urge Filibuster On Harlan Appointment

WASHINGTON, D.C.—Eisenhower's appointment of John Harlan to fill the Supreme Court vacancy left by the death of Robt. Jackson reveals once again his rabid determination to force compulsory mongrelization upon the people of the South. What is more, Eisenhower has had the insufferable arrogance to appoint a man whose very name is symbolic of the humiliation now being imposed upon white Southerners. For John Harlan is the grandson of justice John Marshal Harlan, who is chiefly remembered for his violent dissention from the Supreme Court's historic "separate though equal" decision handed down in 1896. Old John Harlan wrote the dissenting opinion in that case.

As for John Harlan the younger, he has little if any qualifications for a seat on the Supreme Court. Furthermore, the very fact that his name has been submitted at this time is a crude affront not only to the people of the South, but to the memory of the Supreme Court justices who rendered the **"separate though equal"** doctrine 58 years ago.

Harlan has no judicial experience whatever — aside from the six months or so on the federal bench as an Eisenhower appointee. He has no national reputation nor distinction. As a matter of fact his only qualification for the job, so far as can be determined, is a Rhodes scholarship, an implacable hatred of racial self-respect in any form, and a well advertised grandfather. That may qualify him for the position in

Editor's Report

WITHIN a couple of months the Bricker Amendment will probably come before Congress again. Since a number of ill-advised attacks against Senator Bricker and the Bricker Amendment have recently been made by people associated with the Nationalist cause, we are frequently asked where we stand on the matter. We're FOR the Bricker Amendment 100%. So is every other responsible Nationalist crusader, including Jack Tenney, Gerald Winrod, Robt. Williams, Wesley Swift, Gerald Smith, Conde McGinley, Joseph Kamp — to name just a few. The attacks on the Bricker Amendment represent a lot of sound and fury over nothing — the same type of abuse hurled against General MacArthur by certain irresponsible individuals who call themselves patriots...

FRANK L. BRITTON

WATCH this rabbi Benjamin Schultz who is now holding forth from the McCarthy bandwagon. Schultz, a renegade Jew who lost his New York synagogue for opposing Communism, has been capitalizing on his anti-Communist reputation by attacking certain Nationalist leaders because of their "anti-Semitism". This business of getting into bed with the Nationalists and then proceeding to smear their leadership is happening a little too often to our way of thinking. George Sokolsky, Alfred Kohlberg and others of the same stripe have turned in similar performances.

NOT ENOUGH attention has given to Conde McGinley's valiant struggle against the American Jewish Congress. McGinley, the courageous editor of COMMON SENSE, (530 Chestnut St., Union, N.J.) has been under legal assault by representatives of the AJC for many months. The AJC, incidentally, is an affiliate of the powerful World Jewish Congress, the organization responsible for the imprisonment of the Swedish patriot, Einar Aberg, last month.

Zionist Query

(Continued from Page One)

been reprimanded for his handling of the case and admonished regarding the line of questioning engaged in these cases. You may be assured that there will be no repetition of the incident".

The department's ruling apparently means that Jewish applicants for citizenship will hereafter enjoy certain immunities not accorded applicants of other races. It has been customary, for example, to always ask a prospective citizen if he would defend the United States in a war against his native country. The question is a fair one and failure to answer it in the affirmative has always been regarded as sufficient grounds to deny the applicant citizenship.

But now the Immigration and Naturalization department has **ruled in effect that no Jew can be** queried as to his Zionist affiliations. In other words, naturalization officers can no longer ask a Jew whether or not he would defend the United States in a war against Israel. Since virtually all Zionists pledge their first allegiance to Israel, this relieves them of an extremely embarrassing situation...

The Jewish Telegraph Agency has hailed the action as a "precedent" of historical importance. **"The government's action in the Denver case"**, gloated the JTA's Milton Friedman, **"established a vital precedent. It is an official ruling that Zionism and Americanism, as Justice Brandeis contended years ago, are clearly consistent. An officer who was apparently influenced by anti-Zionist elements has been 'reprimanded' and 'admonished'. The questioning of a Zionist's loyalty to America is now classified as 'not sanctioned' by the government".**

There you have it. The immigration department can ask an English applicant for citizenship if he would defend the U.S. in a war against England; it can (and certainly would) ask a German if he would defend America against a German attack; it will continue to ask the same question of an Irishman, a Pole or a Frenchman. But no Jew, even if he is a paid Zionist agent, can be asked if he is a Zionist. Such questions are "not sanctioned" by the government any longer...

Thus we are witness not only to organized Jewry's insistence upon maintaining its dual allegiance, but also to an example of Jewry's power to punish those who dare to draw attention to the matter.

As for the hapless naturalization officer who aroused the ire of the Anti-Defamation League in the first place: the man is lucky to still have his job. He may not be so fortunate if he makes the same mistake again. Anti-Semitism, y'know...

Hollywood

ACTRESS KIM NOVAK, whose Jewish name is Gross, is getting the typical Hollywood build-up these days. Apparently she is slated for the big-time. Another Jewess, Mitzi McCall (Jew name: Steiner) will soon shoot to stardom in a Jerry Lewis film entitled, YOU'RE NEVER TOO YOUNG. Lewis (Levitch) is promoting her career.

GEORGE JESSEL and BEN HECHT are reportedly conferring over plans to produce a phony Jewish historical film based on the 300th "anniversary" of the landing of the first Jews in America. Supposed to be based on the book, "This Blessed Land".

CLARK GABLE, an old line Hollywood actor who should know better, is making a new picture entitled, SOLDIER OF FORTUNE, now being filmed in Hong Kong. Director of the picture is Edward Dmytryk, one of the infamous "Hollywood Ten" (see cut). We thought Gable had better sense than that...

Shown above are nine members of the infamous "Hollywood Ten" at the time of their arraignment for contempt of Congress. At the extreme left is Herbert Biberman, who just recently produced the Communist film, "Salt of the Earth". The "Hollywood Ten" were indicted following their refusal to testify before a Congressional committee, regarding their Communist affiliations several years ago.

DON'T let anyone tell you the cast of the current all-Negro propaganda film, CARMEN JONES, was selected for its musical talent. The heroine, Dorothy Dandridge, was chosen for her sex-interest, not her singing ability. Actually, she doesn't sing in the picture at all; merely mouths the words for an off-stage voice. To keep the record straight, CARMEN JONES is adapted from a Billy Rose stage production. Lyrics are by Oscar Hammerstein. Producer is Otto Preminger. All Irishmen...

THE GIANT RADIO CORPORATION OF AMERICA (RCA) is defendant in an anti-trust suit recently filed by the Justice Department. RCA, which among other things owns the National Broadcasting Co. (NBC), is charged with having monopolized radio and TV licensing since 1932. But the canny Russian Jew, David Sarnoff, who controls RCA is taking no chances on an unfavorable decision. Last month he hired himself a very influential lawyer—just to be on the safe side. His name? Adlai Stevenson...

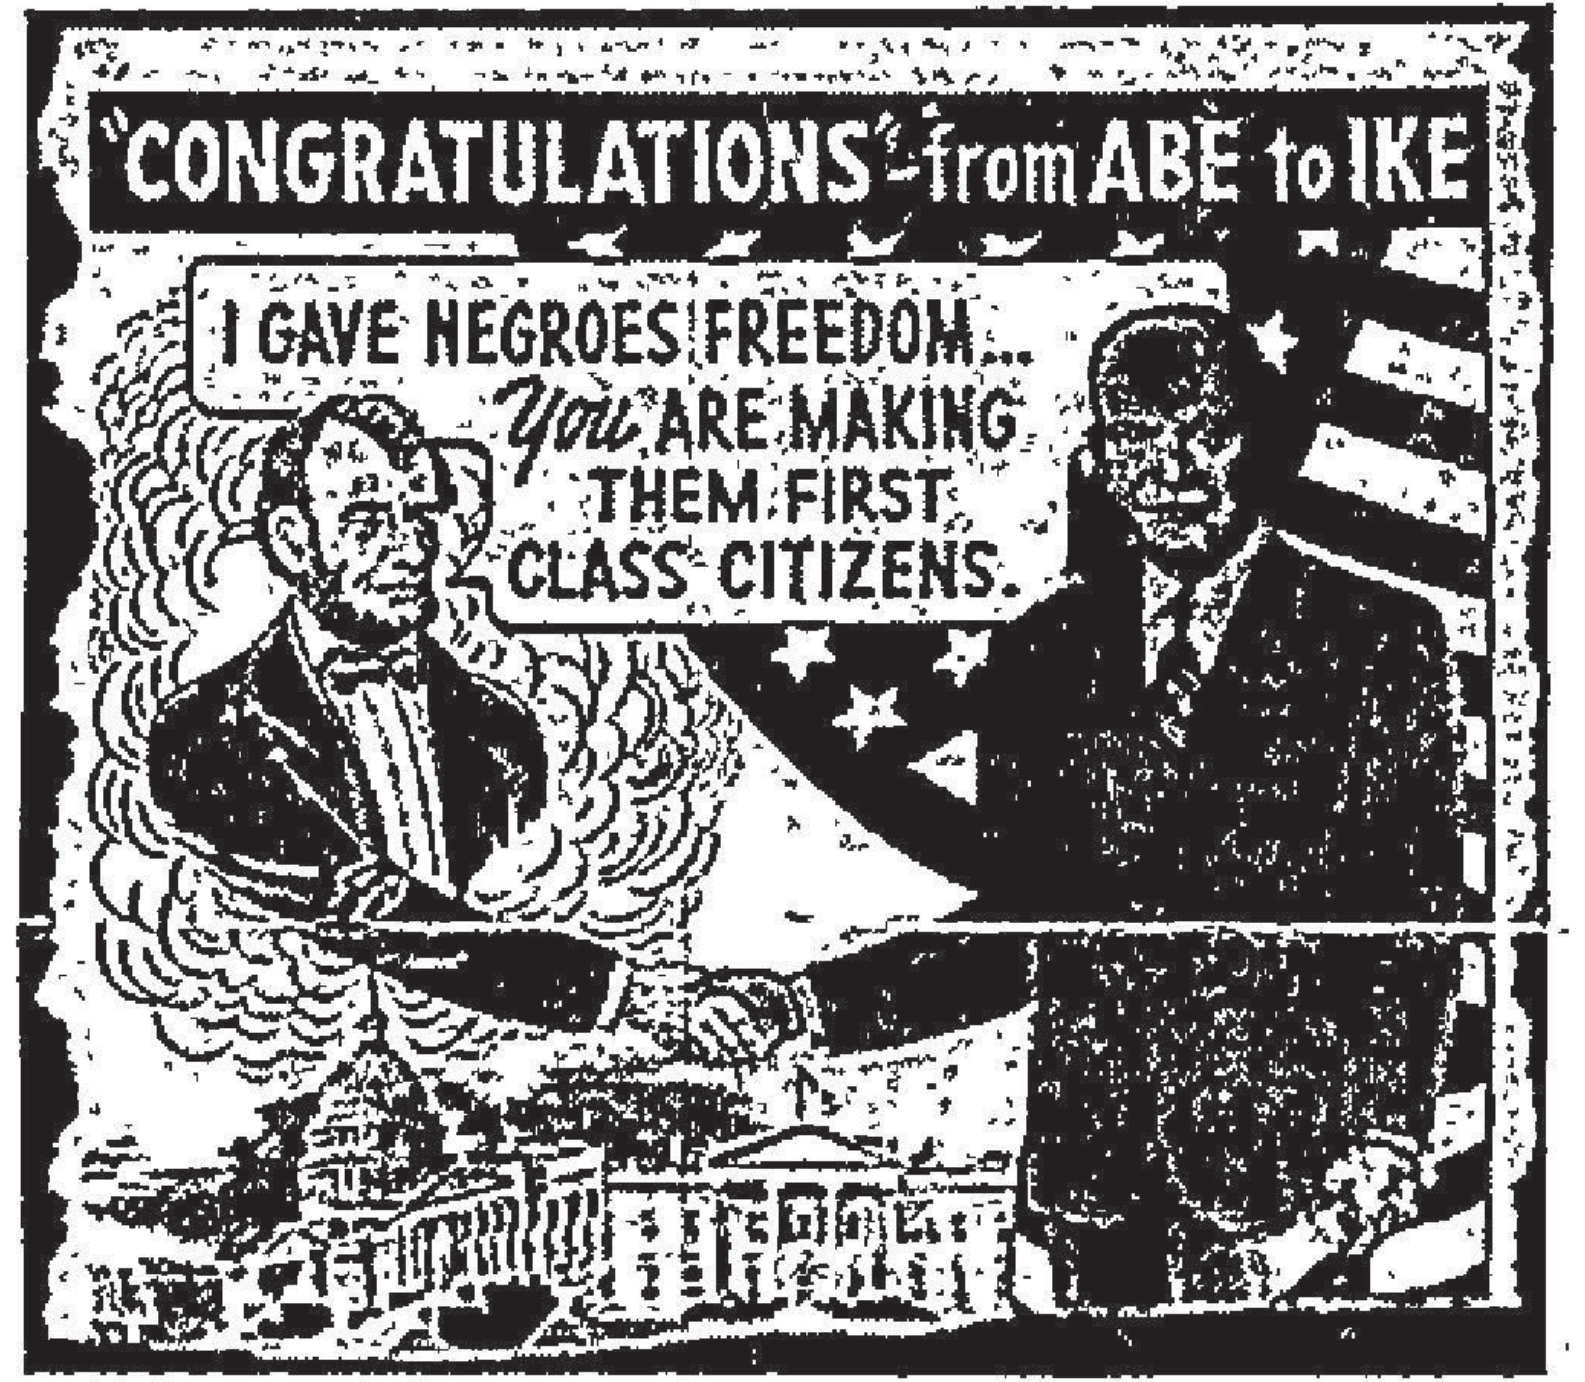
WASHINGTON

The recent election may or may not have been indicative of a national trend, but it did turn up a number of ironic twists, not the least of which was the defeat of Franklin Roosevelt, Jr., in New York's race for attorney-general. Roosevelt, long the darling of New York's Jews, had the bad judgment to run against a kosher candidate in the person of Jacob Javits...

In Connecticut another favorite of the Jewish cabal, John Lodge, who is known for his "liberalism" and international outlook, was defeated by Jewish Abe Ribicoff in the race for governor.

On the other hand Jimmy Roosevelt, whose opponent was a Gentile, won hands down in California's Jew-Negro 22nd Congressional district.

It is significant to note that the frantic efforts by the Eisenhower crowd (see cut) to win the northern Negro vote were largely ineffective. Northern Negroes continue to vote New Deal...



"CONGRATULATIONS"-from ABE to IKE
I GAVE NEGROES FREEDOM... YOU ARE MAKING THEM FIRST CLASS CITIZENS.

With slavish pro-Negro campaign literature such as the above, the Republican party tried very hard to win the Negro vote—and failed. Northern Negroes continued to vote Democratic.

Incidentally, a total of 11 Jews and 3 Negroes were elected to the new Congress. All are extreme leftists and all are Democrats.

The 11 Jewish congressmen are: Celler, Holtzman, Multer, Klein, Davidson, Zelenko, Fine and Dollinger—all of New York. In addition there are Sidney Yates of Chicago, Samuel Friedel of Baltimore and Earl Chudoff of Philadelphia. There are also two Jews in the Senate: Herbert Lehman of New York and Richard Nueberger of Oregon.

Thus the strange alliance between the conservative, patriotic Southern Democrats and the radical, pro-Negro, pro-Jewish northern wing of the party continues.

Eisenhower's vaunted popularity was not much in evidence at the polls. Ike campaigned the hardest for Ives of New York and Clifford Case of New Jersey. Both leftists. Ives lost and Case won by a scant 3370 votes in a state where Republican Senators usually draw a 200,000 vote margin.

Ives was defeated, incidentally, because he lost the McCarthy vote (which he repudiated) and the Zionist vote, which he tried hard to win, but did not. Jewish quarters unanimously agree that Ives lost because the Zionists favored Harriman. But the McCarthy vote would have put him over too...

In Ohio, where McCarthyism was an issue, the McCarthy vote was decisive in the election of George Bender...

Communist Heads U.N. Military Arm

(Continued from Page One)

army is closely related to another scheme which would give the U.N. an absolute monopoly on atomic weapons. This is the so-called Baruch Plan.

BARUCH PLAN

As a matter of fact the first logical step following the creation of a permanent U.N. military organization would be the adoption of the Baruch Plan for international control of the atom, which the U.S. has already submitted to the U.N. This calls for the turning over of all atomic weapons to the United Nations and the adoption of a system of "safeguards" to see that no nation violates the agreement by manufacturing atomic weapons of its own. Once this plan is adopted the United Nations would become the undisputed military master of the world, since no nation or alliance could hope to resist it in a contest of strength.

It is very important that all these facts be considered together because there is a clear and obvious tie-in between the proposal for a permanent United Nations military organization and the Baruch Plan for "internationalizing" atomic weapons. As a point of fact the Baruch Plan could not possibly be implemented unless, and until, a standing United Nations army is created. . .

U.N. CHARTER

Actually, of course, the concept of an international super army under U.N. control is a fairly old one, and it is interesting to note that the United Nations charter envisions the establishment of such a force. For instance, Article 43 of the U.N. charter reads as follows:

> **"ARTICLE 43—All members of the United Nations, in order to contribute to the maintenance of international peace and security, undertake to make available to the Security Council, on its call and in accord with a special agreement or agreements, armed forces, assistance and facilities, including rights of passage, necessary for the purpose of maintaining international peace and security".**

Under this provision the groundwork for a standing United Nations army was laid in the original U.N. charter. And although such an army has not yet materialized, it is clear that from the very outset the one-world crowd has been steering us toward that goal. The fact that the United States is currently sponsoring the Baruch Plan for internationalizing atomic weapons makes the creation of a permanent United Nations military force an even greater possibility. . .

Aside from the obvious danger inherent in the creation of a standing United Nations army equipped with atomic weapons, there is another danger we have not yet touched on. This has to do with the very strange fact that the military department of the United Nations has always been in the **hands of a Communist commissar.**

For some as yet unexplained reason the head of the United Nation's Department of Security Council Affairs has always been a Communist. The first of the procession was Arkadi Sobolev of Soviet Russia. He was followed by Konstantin Zinchenko, who in turn was replaced by Ilya Chernyshev—both likewise Russian. The current head of the U.N.'s military section is Dragoslav Protitch (above) of Communist Yugoslavia. This Communist domination, of the U.N.'s military department would be particularly dangerous in the event the U.S. relinquished its atomic weapons to the United Nations. . .

To appreciate what this means it is necessary to have some understanding of the structure of the U.N.

Altogether there are eight Departments in the U.N., all under the nominal supervision of the Secretary-General. Each of these Departments is headed by an Assistant Secretary-General*. There is a Dep't. of Economic Affairs, a Dep't. of Public Information, a Dep't. of Trusteeship and so on.

The Department we are most concerned with is the Department of Security Council Affairs, which has to do with the U.N.'s military activities. It was this Department which had technical authority over General MacArthur in Korea, and over the conduct of the Korean war in general. What is more important, it would also have control over any future military organization created by the U.N. From a military standpoint the Department of Security Council Affairs is extremely important. . .

From the very day of its inception a Communist official has headed the U.N.'s military department. Shown above is Soviet Russia's Arkadi Sobolev, the first Soviet agent to hold the job.

It is obvious, therefore, that any nation or group of nations with ambitions to control the military resources of the U.N. would place great emphasis upon this particular Department. For here, if their scheme goes according to plan, will be concentrated the atomic resources of the world, and whoever commands them will rule the world. Who, then, does control the U.N.'s Department of Security Affairs?

The answer to that question should bring every thinking American to the edge of his chair with a start. Because the truth is that the Communists dominate the U.N.'s Department of Security Council Affairs, and have done so since the day the U.N. was created. You may find this difficult to believe, but here are the facts:

✓The first Assistant Secretary-General in charge of the Dep't. of Security Affairs was the Soviet official, Arkadi A. Sobolev, who served in that capacity from 1946 until 1948.

✓Sobolev was succeeded by another Russian, Konstantin Zinchenko, in June of 1949, who headed the Department until 1953. Zinchenko is the Communist who served as General MacArthur's "superior" in the Korean war. It was this situation which gave rise to rumors that a secret agreement had been made for a Communist to hold this position permanently.

General MacArthur was never permitted to win the Korean War—and for a very good reason. As the United Nation's military commander in Korea, MacArthur was subject to the authority of the U.N.'s Department of Security Council Affairs, which was headed **by the Soviet official, Konstantin Zinchenko.**

✓Zinchenko was replaced by a third Soviet functionary, Semyonovich Chernyshev, in 1953.

✓In turn, Chernyshev has been replaced by another Communist official, Dragoslav Protitch of Yugoslavia, who holds that position now.

Keep these facts in mind the next time you hear someone beating the drums for a standing U.N. military force. Chances are he will also be in favor of the Baruch Plan for turning our atomic weapons over to the U.N. . . .

SIGNIFICANCE: Taken individually, none of the above factors appear as dangerous as they really are.

For example, the proposal for a permanent U.N. army is not of itself particularly alarming—at least not an army equipped with conventional weapons.

The Baruch plan for turning over our atomic weapons to the U.N. likewise appears innocuous—when considered alone.

Nor does the Communist domination of the U.N.'s military department give undue cause for alarm—so long as the U.N. army remains on paper.

It is only in combination that these factors take on the dimensions of a nightmare, for only then can we gain a true perspective of the situation. It is the prospect of a permanent U.N. army . . . equipped with atomic weapons . . . and commanded by a permanent Communist secretariat . . . which constitutes the real threat.

Washington Schools

was the sharpest one-year drop in white enrollment in the city's history".

On the other hand, Negro attendance is on the increase, with almost 5,000 more Negroes enrolled this year than in 1953. Latest statistics show that whereas white enrollment in the District's schools is down 7.7%, Negro enrollment is up 8.6%—a 15% spread in the first 6 months following "integration". At the present moment Negroes comprise 60.8% of Washington's total school enrollment, as compared to a white enrollment of 39.2%.

The situation is getting worse daily. Large numbers of white families are already moving out of Washington. Others are shifting into school districts where there are no Negroes. Those who can afford it are enrolling their children in private schools.

Indicative of the trend are the following statistics published by U.S. NEWS & WORLD REPORT: **"In the 18 schools where integration was announced months in advance, white enrollment dropped 24.6%. In the 15 schools that remained all white, 5 gained in white enrollment, the 10 others lost only slightly".**

One school, the Raymond Elementary, lost 45.3% of its white students as a result of "integration". The Wheatley Elementary school lost 44.6% of its white student body. Another, Blair Elementary, lost 51.8% of its white enrollment. . .

That is the situation in Washington, D.C.—the city which Ike Eisenhower has fatuously designated as a "pilot model" for the rest of the country to follow. . .

NOTE: Every patriot should write Eisenhower a letter urging him to enroll his own grandchildren in one of Washington's "integrated" schools. As one of the chief exponents of compulsory race-mixing, it is only fair that Mr. Eisenhower send his own family into this interracial jungle he has labored so hard to create. As for his fair skinned, tow-headed grandchildren: the experience of associating intimately with large numbers of aggressive, dull-minded, over-sized and over-sexed Negro playmates would doubtless be an uplifting one. At least that's the type of propaganda being handed out to white parents in Washington, D.C., these days. . .

Press Report

MOSCOW—At a dinner party in Moscow last month Communist party chief, Nikita Khrushchev, came up with a suggested formula for creating "better relations" between Russia and the U.S. The suggestion: silence Joe McCarthy.

MIAMI—The Florida Supreme Court has reversed the convictions of 14 Communist suspects sentenced to one year in jail for contempt of a Dade county grand jury. The Court's decision will automatically nullify the conviction of 12 other Reds sentenced on identical charges last month (see AMERICAN NATIONALIST, Nov.) All 26 suspects, plus five others whose sentences had been delayed, now face the possibility of being charged with criminal conspiracy under Florida law. (NOTE: Although this is one of the biggest stories of the year, the country's three major wire services have blacked it out completely. The reason: all the defendants are Jewish. . .)

IRVING PERESS

WASHINGTON—When Senator McCarthy first exposed the Communist activities of Irving Peress at Ft. Monmouth earlier this year he never dreamed that he, rather than Peress, would be punished for it. But the way it worked out, the Jew Peress received a promotion and an honorable discharge while McCarthy has been put on trial not once, but twice, for his part in the Peress case. Meanwhile the question of who promoted Peress remains unanswered. But the chances are if they ever do discover who did it, he too will receive a promotion. And McCarthy will probably be up for censure again.

MIAMI BEACH—A restaurant in swank Miami Beach, the Lincoln Manor Kosher Restaurant, has been fined $150 plus costs for violating Miami Beach's Kosher meat law. The defendant was found guilty after a rabbi and a policeman by the name of Moses Mescheloff testified they found non-Kosher meat stored in a refrigerator on the second floor of the plush restaurant. In Jew-infested Miami Beach, where 70% of the population is Jewish, and where the mayor and six of the seven city councilmen are of the same race, that is a high crime. . .

NEW YORK—In a recent series for the NEW YORK TIMES, Moscow correspondent Harrison Salisbury revealed that the late Laventia Beria, former number two man in Russia, was half Jewish. . .

ROME—An Italian Jew, Georgio Luizzi, has recently been appointed chief-of-staff of the Italian army, according to a Jewish Telegraph Agency dispatch. The appointment may turn out to be a key one, since Italy for several years has been teetering on the verge of Communism. If the Communists do take over Italy in the next election, a Jew at the head of the Italian army will be in an ideal position to "maintain order" while the Communists consolidate their hold over the country. . .

Harlan Appointment

(Continued from Page One)

Eisenhower's somewhat vacuous judgment, but not in the eyes of certain members of the U.S. Senate, who last month temporarily blocked his confirmation to the Court. . .

Eisenhower had, of course, hoped the Senate would approve the Harlan appointment during the special session which convened last month to hear the McCarthy censure charges. But a group of Southern Senators led by Senator Eastman of Mississippi held up the appointment until next year. As a result the Supreme Court has had to postpone its scheduled Dec. 6th hearing on the segregation question, at which time it was supposed to have spelled out the ways and means of implementing de-segregation in Southern schools. . .

It is now up to patriots everywhere to mobilize in opposition to the Harlan appointment. The question is not whether Mr. Harlan is an honest or well meaning individual with good intentions. The matter is deeper than that. Involved is the question of whether or not Eisenhower is to be permitted to appoint one pro-Negro justice after another to the Supreme Court at the very time when the controversy over segregation is before the Court. . .

By making this particular appointment at this critical time, Mr. Eisenhower has not only showed poor taste; he has also displayed incredibly poor judgment. He has already sorely tried the patience of the South with his stubborn attempts to force mongrelization upon them; so far Southerners have taken it with fairly good grace. But Eisenhower's crude attempt to rub it in by appointing John Harlan is taking things too far.

We suggest that Mr. Eisenhower consult with his NAACP advisors again before pressing the Harlan appointment. Otherwise it is just possible he will face a filibuster when the Senate convenes again next year. . .

Mendes-France

canoes — in anything that would float. Their only hope was to be rescued by American or other warships cruising beyond Vietnam's territorial waters.

In the attempt untold numbers perished. Thousands of others were stranded on a sandbar which melted away under their feet. The number of drowned will probably never be known. But, despite the most awful danger and hardship the watery exodus continued without respite. Thus far the U.S. Navy alone has picked up tens of thousands of Vietnam's brave, desperate refugees from Communism—and the flood of desperate humanity continues to hurl itself upon the mercy of the sea. . .

Such were the fruits of Mendes-France's sell-out at Geneva. . .

But the story of Mendes-France's perfidity does not end there. Last month during his visit to Washington, Mendes took up the matter of Indo-China's anti-Communist refugees with officials of the president's National Security Council. His interest was not in alleviating their suffering, nor in aiding their escape from Communism. Instead, believe it or not, Mendes suggested that the U.S. Navy collect passage money from the refugees, which would then be turned over to the French Colonial government!' Thus did France's Yiddish premier reveal his compassion for the victims of his treachery at Geneva. . .

NOTE: To its credit the National Security Council emphatically rejected the Mendes proposal. The Navy will not collect blood money for Mendes or anyone else. . .

The tactic of utilizing Jew-controlled state and federal law enforcement machinery to harass their enemies is a favorite trick of the Anti-Defamation League.
